March 23, 2004

To Whom It May Concern:

I have been a Lutheran Pastor for some 29 years. Over that time I have had to learn how to care for my own soul and tend to the deeper parts of my life. Pacem In Terris has been a place I have returned to on a number of occasions. It has served as a holy place where I can "be still" and listen to the "still quiet voice". It has served as a place for true Sabbath and restoration. How true it is---"solitude is the furnace of transformation". 'Pacem' has been a real blessing to my faith...providing a safe harbor....a nurturing environment for more abundant living.

Sincerely,

Blair Anderson
Senior Pastor
